C.S.A. 41 ROAD COMMITTEE
announces the

SPRING WORKDAY, April 27, 2024

The work we do at our semi-annual workdays benefits every resident of CSA 41 by improving the appearance, condition, and safety of our roads. It also enables us to save thousands of dollars of annual assessment funding for the big resurfacing jobs. Our roads are not maintained by the county.

If you'd like to help by patching potholes, Brian Just will fill volunteer's truck or trailer with Cold Mix patch compound on Friday afternoon, from 1:00-3:00 pm on April 26th. His address is 2820 Wild Oak and phone number 805 314-6624. You will get a work area assignment, and all volunteers will begin working on **Saturday, April 27, at 9:30** The patch compound works best with warmth, so volunteers patching road will start later in the morning.

For all other community work, such as roadside mowing, string trimmer work, litter collection, storm drain maintenance, and workday photography, please meet at 9:30 at the corner of Avena Rd and Crucero on April 27th.

If you can't help on the workday, we would greatly appreciate a contribution to the Rancho Santa Rita Association checking account. This account is our only source of funds for workday expenses, mailings, website etc. Please make your check payable to the "Rancho Santa Rita Association", and mail it to Rancho Santa Rita Association, 2762 Cebada Canyon Road, Lompoc, CA 93436. THANK YOU!

If you are interested in offering your home and hospitality for a Workday BBQ after the Workday, please contact Carrie Hartmann at CarrieHartmann@yahoo.com This is a great opportunity to meet your neighbors. The Road Committee can reimburse expenses for tri tip, beans, bread, salad, and BBQ related expenses. Let us know...
